

MAPLE GROVE FARM
LYME, NEW HAMPSHIRE

Dear Mrs. Abbas,

I understand that you are the librarian and so I am writing to you about the memorial to Miss Spencer. I believe that books will be purchased for the library and my sister and I would like to give something toward this project.

All the Spencer family were friends of my mother and her sisters and I first remember going to visit them at their farm home - and later in the village. I know how much the library meant to Miss Spencer - and I think it is very appropriate to have the money used in the library.

Sincerely, Pauline E. Whittemore
