REPORT OF THE BOARD OF EDUCATION FOR SCHOOL DISTRICT NO. 1

During the past year the High School has had the advantage of having the same principal and two of the same teachers as last year. The vacancy caused by the resignation of Miss Nicholson was filled by the appointment of Miss Alice P. Hall, a graduate of Bates College in 1910, with previous experience in teaching at Hudson, Mass. The work of the new Commercial Course, the introduction of which was at last made possible by the completion of the new High School building, was placed under the charge of Miss Marion L. Hayes, a graduate of New Hampshire State College in 1898, with previous experience at Dover, N. H.

In the grades the number of pupils in the fifth and sixth grades room had become so large that at the beginning of school last fall the two grades were separated. The sixth grade remained under Miss Gilman and was moved to a new second story room in the rear wing. This upper floor of the wing was formerly divided into two small rooms used as recitation rooms for high school classes. The removal of the High School to its new building across the street made it possible to take out the partition between the two small recitation rooms and thereby make one large well-lighted and well-ventilated room for the sixth grade. The fifth grade, now in a separate room by itself, is under Miss Andrews, a graduate of the Keene Normal School, with previous teaching experience at Charlestown, N. H. The vacancy in the third grade, caused by the resignation of Miss Spencer, was filled by the appointment of Miss Campbell, also a graduate of the Keene Normal School, with previous teaching experience at Charlestown, N. H. The instruction in music has been under the very successful direction of Mrs. Little.

The new High School building was occupied for regular work at the close of the spring recess last year. The

financial statement of the Building Committee, which was entrusted by the District with the expenditure of the \$30,000 appropriated last year, is given below. The new building has given to the pupils an interest in their work and a feeling of unity which were impossible under former conditions. With abundant space, good equipment, and a corps of experienced teachers, the work is progressing most satisfactorily. The commercial course, introduced this year, has proved to be very popular. For two of the typewriters used in this work the District is indebted to the generosity of Dr. J. M. Gile and Mr. F. W. Davison. A school orchestra is practising under competent instruction and is planning soon to give a public concert. The hall in the new building is a useful and attractive centre for the social life of the school. It is available also for precinct meetings and for the meetings of town organizations whose purpose is literary or educational. The gymnasium is used by the pupils of the school, both boys and girls, during the afternoons and certain evenings; the use of the room on other evenings of the week has been given to a group of young men of the town. With the improved facilities offered by the new High School the Board have thought it proper to raise the tuition for tuition pupils to \$40 a year, viz: \$16, \$12, \$12, for the fall, winter, and spring terms respectively.

The present winter term runs to March 27; the spring term will be from April 13 to June 19, 1914.

The statistics of membership, the names of the class graduating last June, the honor roll of perfect attendance, and the reports of the Treasurer of the District are given below.

Respectfully submitted on behalf of the Board of Education by

SIDNEY B. FAY,

Secretary of the Board.

VITAL STATISTICS

TO THE SELECTMEN:

In compliance with an act of the legislature passed June session, 1887, requiring clerks of towns and cities to furnish a transcript of the record of births, marriages and deaths, to the municipal officers for publication in the annual town report, I hereby submit the following.

Respectfully,

GEORGE M. BRIDGMAN,
Town Clerk

EXPLANATION REGARDING STATISTICS

The following statistics include the births and deaths occurring in the Mary Hitchcock Memorial Hospital during 1913, which do not properly belong to the town. Thirteen were children born there of mothers from other towns, and twenty-eight persons from other towns died there. Taking these from the numbers given in the tables, the record for Hanover would be forty-six births and fifty-one deaths.
